

LI-COR Cloud™ IoT Platform - Remote monitoring software solution (formerly HOBOLink)

Product Images

Short Description

Make informed, sustainable decisions using intuitive data management, visualisation, and API integration tools.

Important Information: Cloud service plans are selected when purchasing an RX station, and are also available for most MX Bluetooth data loggers by purchasing an [MX Data Plan](#).

Description

HOBOLink is a web-enabled software platform that makes it easy to view and to manage your data remotely.

- 24/7 access to your data, via a web browser or mobile device
- Verify HOBO status remotely
- Set up and manage alarm notifications remotely
- Schedule automated delivery of data
- Configure a dashboard that highlights your most important measurements
- Create dashboards that bring data from multiple systems together in a single view
- Configure calculated channels such as dew point, accumulated rainfall, and evapotranspiration (ET)
- Export the exact date range and sensors you want.

Compatible with: HOBO MicroRX, RX3000 & U30 Remote Monitoring Stations, MX Gateway for HOBO MX Data Loggers and HOBOnet Field Monitoring Systems.

About the HOBO RX3000 Remote Monitoring System

The HOBO RX3000 is Onset's remote data logging station that provides instant access to site-specific environmental data anywhere, anytime via the internet. >>[Learn more](#)

About the MX Gateway for HOBO MX Data Loggers
Automatically transmits data from MX Bluetooth temperature and relative humidity loggers right to the cloud! >>[Learn more](#)

About HOBOnet Field Monitoring System
HOBOnet Field Monitoring System provides a cost-effective and scalable solution for web-enabled monitoring of field conditions for applications such as crop management, research, and greenhouse operations. >>[Learn more](#)

About the MicroRX Station and MicroRX Water Level Station
The HOBO MicroRX Station is a compact and easy-to-deploy cellular field monitoring solution, with 5 smart-sensor inputs. >>[Learn more](#)

The HOBO MicroRX Water Level Station combines the MicroRX Station with Onset's own water level sensor to monitor water level and flow, as well as barometric pressure. >>[Learn more](#)

Additional Information

Country of Manufacture	United States
Brand	HOBO
