

HOBO Water Level Data Logger (0-9m) Titanium

Product Images

Short Description

The Water Level Data logger can also be used in air to record barometric pressure.

Description

The Water Level Data logger can also be used in air to record barometric pressure.

Use the Titanium models in salt water.

Download to the Waterproof Shuttle or Base Station.

The no-vent design eliminates installation/maintenance issues and errors associated with vent tubes, desiccant maintenance, water ingress etc.

The Optic Base Station (Available separately) offloads data in less than 30 seconds when used with HOBOWare (Windows) software

Measures

Water Level, Temperature, Barometric Pressure Part No:

U20-001-01-Ti (0-9m) Titanium

IMPORTANT: HOBO data loggers require HOBOWare software (USB interface cable included w/CD purchase).

Additional Information

Country of Manufacture	United States
Brand	Onset HOBO
Channel(s)	2
Onset Product Series	U20
