Apple Scab Report

## Short Description

---

Become more proactive in your management of disease and insects by adding a disease and insect forecast module to your Spec 9 Pro software

## Description

---

Become more proactive in your management of disease and insects by adding a disease and insect forecast module to your Spectrum [SpecWare 9 Pro](#) software.

- Save money by spraying only when necessary
- Quickly produce the documentation needed to support your IPM decisions
- Each package uses field-tested and validated algorithms along with your data to forecast the potential for the appearance of your crop's most notorious enemies.

## Additional Information

---

Brand	Spectrum Technologies
Explanation	Required Sensors: Leaf wetness and temperature Models Included: Leaf Spot Insect Models. For further information, see the User Guide under the Resources tab.
Ideal For	Agronomy
