Short Description

Become more proactive in your management of disease and insects by adding a disease and insect forecast module to your Spec 9 Pro software

Description

Become more proactive in your management of disease and insects by adding a disease and insect forecast

module to your Spectrum [SpecWare 9 Pro](#) software.

- Save money by spraying only when necessary
- Quickly produce the documentation needed to support your IPM decisions
- Each package uses field-tested and validated algorithms along with your data to forecast the potential for the appearance of your crop's most notorious enemies.
