

HOB0 MX2303 Wireless Temperature Data Logger with Two External Sensors - Optional Remote Monitoring

Product Images

Short Description

This data logger from Onset is designed to withstand harsh indoor/outdoor conditions.

Description

The HOB0 MX2303 is a weatherproof data logger with two external temperature sensors. Leveraging

Bluetooth Low Energy, the logger enables easy, fast set up and data download directly from your mobile device. For remote cloud-based access to your data and alerts, simply add the optional [MX Gateway](#).

Key Features

- Convenient wireless setup and data download via Bluetooth Low Energy, or via the cloud with the optional MX Gateway
- View current data in real time with the free HOBOnnect app, and near real-time cloud-based monitoring with the optional MX Gateway
- Receive alert notifications for out-of-range conditions via email or SMS text message with the optional MX Gateway
- Visual alerts on the data logger and app
- Retrieve data in hard-to-reach locations
- Compact, weatherproof housing with built-in mounting system
- Share downloaded data easily from your mobile device
- Accuracy: +/- 0.2C°.

Additional Information

Country of Manufacture	United States
Brand	Onset HOBO
Measurements	Temperature
Typical applications	Environmental (Indoor), Environmental (Outdoor), Field Research, Food Safety
Onset Product Series	MX2300
Explanation	<p>Features:</p> <ul style="list-style-type: none">• Convenient wireless setup and download via Bluetooth Low Energy (100-foot range)• Retrieve data in hard-to-reach locations• Visual alarms alert you to out-of-range conditions• Compact, weatherproof housing with built-in mounting• View current data in real time with Onset’s free HOBOMobile app• Share downloaded data easily from your mobile device• Accuracy: +/- 0.2C° <p>Download the HOBOMobile app:</p> 
Contents	<ul style="list-style-type: none">• HOBO MX2303 2 Ext Temp Data Logger• Screws• Cable ties
Ideal For	Professional, Agronomy
Power	Battery only
